

Mr. Vance Maddocks
President, CBRE Strategic Partners U.S.
515 South Flower Street Suite 3100
Los Angeles, CA 90071

Dear Mr. Maddocks:

We write to you as active members and organizations of the San Mateo County community. We understand that CBRE owns the Hotel Pullman San Francisco Bay, and that you oversee the division responsible for that property.

As you may know, our region is struggling to cope with a crisis of affordability, the likes of which we have never witnessed. Tens of thousands of working families have been forced to leave their home towns in recent years, or live every day with the threat of displacement. Hospitality workers—who support such an important piece of our economy—are among the most severely impacted by this crisis.

Expanding opportunities to organize into unions is a key element of how our community is responding to these trends. As the owners of the Pullman San Francisco Bay Hotel, you have the authority to direct management to implement an organizing agreement that would let workers decide on unionization. **We ask that you commit to letting workers at the Hotel Pullman have a fair process that is free of management interference, through a “card check” process.** By doing so, not only will you do right by your hotel’s employees, but you will also play a positive role in helping our community remain one that supports its most vulnerable residents.

We hope you will do so in the most expeditious manner possible.

I sign on to this letter on behalf of myself and/or my organization.
